**TASTING NOTES:** This Zin and Rhone blend is medium bodied and red fruits are the highlights of this wine. It screams raspberries but other amazing components expressed are red berry fruit, clove, cigar, cranberry spice, incredible texture and bright acidity. The light vanilla tones from the French oak are intertwined with the gentile tannins and are beautifully integrated but not overpowering which add a fantastic weight and texture to the wine. Heart Hill was propagated from some of the original and oldest Zin vineyards in Paso Robles that were planted in 1885. This wine will age for 10+ years.
